

The Management of Industrias Racionero, S.A., dedicated to the packaging and distribution of food products, takes responsibility and commits to establishing an Integrated Quality and Environmental Management System based on the UNE-EN-ISO 9001:2015 and UNE-EN-ISO 14001:2015 standards, in order to achieve the following objectives:

- Meet the needs and expectations of its customers.
- Fulfill the specific requirements of its customers.
- Comply with the legal requirements applicable to it and any other requirements subscribed to by the company.
- Prevent failures before they occur.
- Environmental protection, by protecting or mitigating adverse environmental impacts.
- Prevent pollution that its activities may produce.
- Ensure professional competence and adequate training of its workers.
- Continuously improve its activities from both quality and environmental perspectives.

This Policy will serve as the framework for establishing and reviewing environmental and quality objectives.

The Management delegates to the Quality and Environmental Control Manager the application of this Policy and grants them the authority and resources necessary to ensure compliance with the requirements established in the aforementioned standards and in the documentation of the Integrated Management System of Industrias Racionero, S.A.

The Management requires all staff to responsibly adhere to the principles outlined here in the performance of their activities, with everyone participating in achieving the quality and environmental objectives established.
